

NAVRAAHI

India's smart logistics orchestration platform

Innovate. Integrate. Accelerate.

NAVRAAHI is a plug-and-play logistics solution designed for Indian supply chains. It enables real-time API connectivity to government systems, automates compliance within SAP TM, and digitizes plant logistics from gate-in to gate-out.

Built for speed, simplicity, and SAP compatibility — NAVRAAHI transforms logistics operations without complex customizations.

Key Features

API Services
