NARAAHI™

The Smart Platform That Solves Plant Logistics Execution

Not just a report, get a real, live picture of your plant's logistics in action.

NARAAHI™ Now Available on **SAP** Store

Execution is where margins disappear.

You don't lose money in planning and strategy —

You lose it in gate delays, idle trucks, last-minute dispatches, and missed SLAs.

No Real-time view.

No Coordinated action.

No Way to intervene before it's too late.

Execution lives in WhatsApp groups.

Disconnected gate operations.

Manual driver checks.
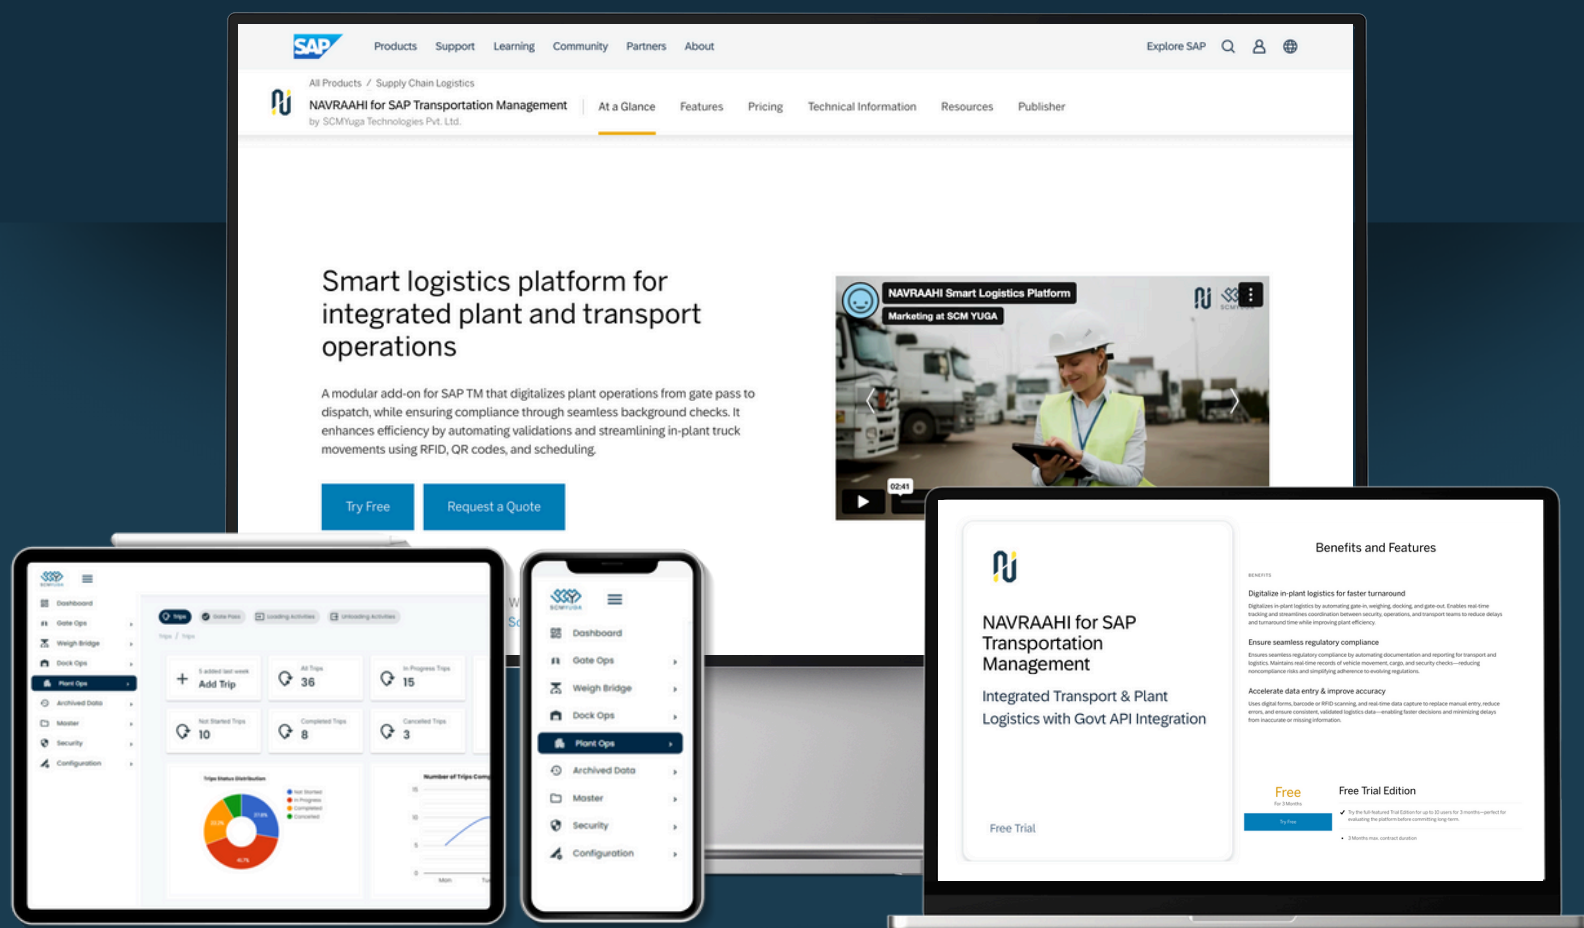

Missing PODs.

No visibility of delays.

Each hour of dwell time, each missed gate-out, is silent margin leakage.

Your Execution Layer
Now Intelligent.

NAVRAAHI™ plugs into your existing SAP stack and digitizes gate-to-destination workflows.

Modular.
Scalable.
Fast to deploy.

Every Module Solves a **Real Plant Pain.**

Module	Problem Solved	Result
Flow	Disconnected yard, gate, dock ops	**15–30%** lower dwell time
Comply	Manual driver checks & audit gaps	**100%** audit readiness, **Zero** delays
Confirm	POD delays and disputes	**2×** faster billing, **90%** fewer disputes
Grid	Manual driver checks & audit gaps	**API-first** integration, clean insights

NARAAHI™ Now Available on **SAP** Store

NARAAHI™ doesn't just digitize. **It delivers.**

Up to
25%
reduction in dwell time

70%
drop in compliance errors

2×
faster billing

10–15%
lower freight costs (with BID module)

Start Seeing Results in 30 – 45 Days

30% reduction in logistics turnaround time

100% compliance visibility

40% faster truck allocation

20-25% cost savings on compliance-related penalties

2-4 Week deployement

Zero SAP customizations required

Your teams won't need more dashboards, just better ones.

NARAAHI™ Now Available on SAP Store

Get a Custom Plant Logistics ROI Snapshot

See **NAVRAAHI**™ in action at your plant.

Real visibility.
Real action.
Real results.

You get a real-time report on:

Dwell Time ◆ **TAT** ◆ **Dispatch KPIs**
